Student accident insurance can be purchased in the school office during registration. This is an optional purchase that is provided as a convenience for parents.

The costs and available policies are explained in the pamphlets provided during student registration. If you purchase student accident insurance, be sure and keep a copy of the pamphlet describing coverage.

Students who participate in school sponsored athletics must have accident insurance. If a participant is covered by a policy and does not desire to purchase the school accident insurance, the parent must sign a waiver indicating the student is covered by a policy other than the policy being offered at school.
